PROFILE SUMMARY

Self-motivated Web Developer with strong skills in HTML, CSS, and JavaScript, and hands-on experience in building responsive projects. Familiar with React and basic UI/UX design. Passionate about learning new technologies, problem-solving, and creating user-friendly websites.

PROJECT / PRACTICE WORK

- ### Instamart Website

Developed a clone of the Instamart website using HTML, CSS, and basic JavaScript. Replicated the product listing layout with a responsive design for both desktop and mobile. Focused on creating user-friendly navigation and clean UI components. This project helped in practicing real-world web development concepts.

- ### Tic-Tac-Toe Web application

Built an interactive Tic-Tac-Toe web application using HTML, CSS, and JavaScript. Implemented game logic to handle player turns, detect wins or draws, and reset the board. Designed a responsive layout to ensure smooth game play

- ### Code Assistance using ChatGPT

Used ChatGPT for code suggestions, UI improvements, understanding JavaScript concepts better.
